# About

*ZeroMils and the National Association of County Veteran Service Officers (NACVSO) are proud to announce a powerful “combined-arms” partnership to produce the first-ever Leadership Summit and unTAPpedChange Forum. This groundbreaking event brings together leaders from the public and private sectors and the nation’s foremost practitioners in the delivery of local veteran resources. Together, ZeroMils and NACVSO will convene these decision-makers, subject-matter experts, and community leaders to advance meaningful, actionable change moving toward a Military Thriving® culture across the transition landscape.*

## Event Overview

### ***Day 1 & 2 (March 23-24th)***

Will focus on policy and systems-level discussions, engaging key decision-makers who directly impact the delivery of veteran benefits and services nationwide.

### ***Day 3 (March 25th)***

Shifts the conversation from policy to culture. ZeroMils will take the stage to lead a bold, solutions-focused dialogue on how we create the necessary cultural change to help transitioning service members, Veterans, military spouses, and their families thrive. Through panel discussions with leading stakeholders from the private sector and communities across the country, participants will speak candidly about the changes we know are possible. When military members and veterans are effectively connected to the right resources at the right time, the result is an immediate and lasting impact.
